

Welcome aboard...

Choose a versatile craft for beautiful off-shore performance and superior quality construction.

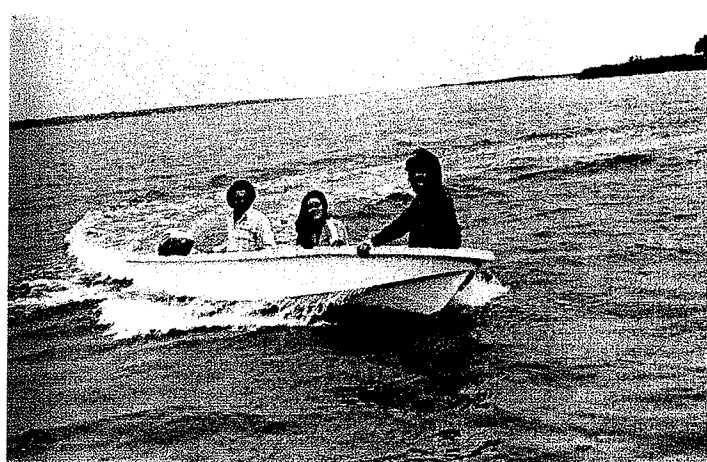

11' SCOUT FISHERMAN

Designed for the sportsman. The wide floor has room for fishing tackle, decoys and camping equipment. Fast and sleek with foam floatation chambers fore and aft. Vinyl rub rails, mahogany motor block and heavy duty bow ring. Tri-Hull bow design found on racing boats for speed and stability. It's cartoppable and can handle a 7.5 hp engine.

12' SCOUT FISHERMAN

A big brother to our 11' model with more room and greater capacity. Designed to take the rough waters of hunting and fishing-areas and yet still provide ample comfort in the wide midship seat. Lightweight, double floor, but extra sturdy construction. The 12' Scout Fisherman can handle a 15 hp engine. It can be cartopped or fit in your station wagon.

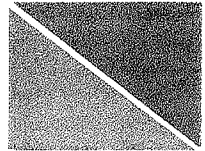

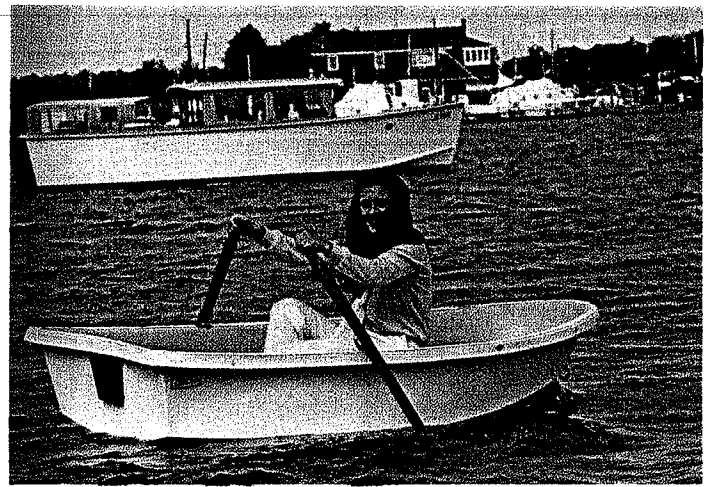

"QUALITY BOATS AT LOW PRICES"

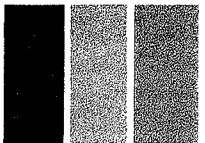

7' SCOUT ROWING DINGHY

The most popular size dinghy of our line. Quality layup with molded three ply fiberglass construction. Ideal for rowing to moorings or use as a tender for your yacht. High prow, hard chine and keel for exceptional stability and fine towing characteristics. Gunwales are protected with vinyl rub rails. A perfect utility boat for all occasions. Can be used with a 2 hp engine.

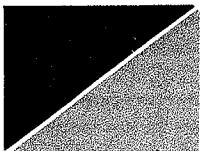

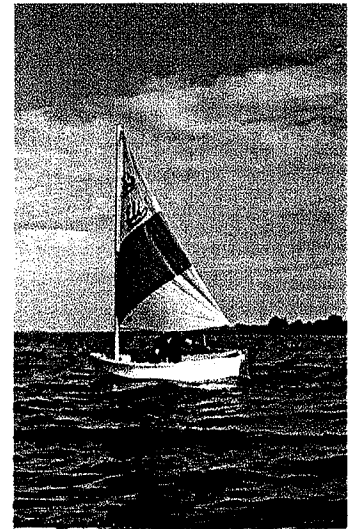

8' SCOUT ROWING DINGHY

A sturdy multipurpose dinghy made for all-purpose use. It can be carried and stored easily. Large enough to carry three people yet small enough to fit in your station wagon. New Interior gelcote finish makes it maintenance free and provides years of trouble-free service.

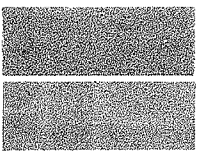

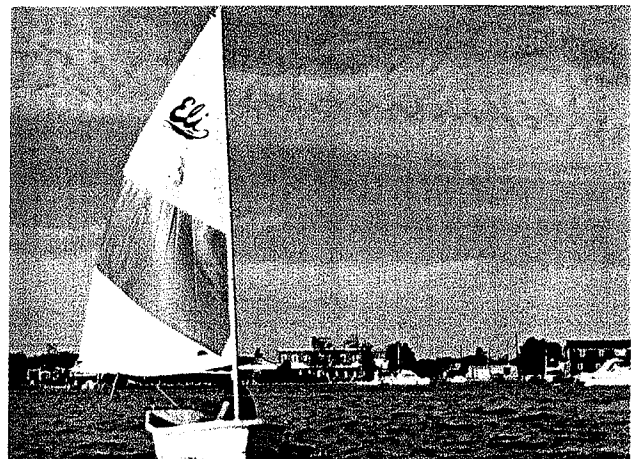

7' SCOUT SAILOR

This little craft will give many happy hours of sailing to beginners and seasoned sailors alike. Foam floatation makes it unsinkable, transported easily and compactly. Break-down aluminum mast, stainless steel hardware, mahogany rudder and daggerboard. "Old sailors never die, they just get a little dinghy."

8' SCOUT SAILOR

Our most popular sailing model with fun built in. An all purpose dinghy for rowing, sailing, or motoring. A convenient two section 13-1/2' mast which stows inside the boat makes it easy to transport. Our Dacron, two color 39 sq. ft. sail is equipped with Nylon rigging and its luff raises within the mast for foul free operation. Under sail this boat performs well on all points of sailing in light or strong winds.

9-1/2' SCOUT SAILOR

Our newest sailing model, also available as a rowing dinghy, was designed for considerably greater seaworthiness than our smaller models. The 15-1/2' mast and 49 sq. ft. Dacron sail allow for greater stability and safety. She's an outstanding performer for family fun.
