Description:

- **100% brand new and high quality**
- DC 4.5v-30V 0-100A Dual Red LED Digital Voltmeter Ammeter Voltage AMP Power Meter
- Voltage and current can be displayed on the same screen at the same time
- This instrument test voltage, current, power supply is taken from the test loop. No additional power supply
- The the instrument test voltage supply range: DC4.5 ~ 30V
- **Note: The maximum input voltage can not exceed 30V, otherwise there is the danger of burned**
- The instrument is equipped with three wiring. Convenient access to car / battery car / motorcycle car line. Use battery voltage state, can also be used for other products, the use of Voltage/current measurement.

Specification

- Supply voltage: 4.5 30V
- Measuring Range: DC 4.5v-30V, minimum resolution: 0.1V
- Test current range: 0~100A (**requires an external shunt**) (**connect with 100A/75mV shunt**) **not include**)
- More than 10A need external shunt
- Operating Current: <60mA
- Display: 0.28 "LED, red color
- Size (L*W*H): 48 × 29 × 21 mm
- Mounting cutout: 45.5 × 26.5 mm
- Measurement rate: ≥ 500mS / times
- Measurement accuracy: 1%(+/-1)
- Extreme working conditions:
 - 1.The minimum Operating voltage: +4.5 V
 - 2.Maximum working voltage: +30 V
 - 3.Operating temperature: -10 to +65
 - 4.Operating Humidity: 10 to 80% (non-condensing)
 - 5.Working pressure: 80 ~ 106kPa
 - 6.Sun exposure: no direct exposure
- Quantity: 1 pc

Connection method

- Black line: public line, ground electrode
- Red wire : Header power supply line, the voltage measurement signal lines (**Note: No more than 30V voltage bel**
- Yellow wire: Current input, link tested equipment backend (please connect the Yellow wire and black wire toget current meter digital flashing)

DC current Shunt Resistor:

- Good Performance and easy installation
- A 'must have' component for DC current meter
- It could be used either in a digital or an analog meter
- The shunt is used to multiply the measuring range of current of measuring
- It can be used to connect to a 100 Amps DC current meter
- Current: 100A
- Voltage Drop: 75mV
- Environmental Condition : -40~+60°C
- Relative Humidity: ≤95% (35°C)
- Shock Frequency Endurance: 80-120 times/mins
- Overreacting Capacity: 120% (of rate current)
- Size (L*W*H):10.8 × 2.3 × 2.5cm/4.25"x0.90"x0.98"(approx)
- Quantity: 1 pc
- **Note: Due to the difference between different monitors, the picture may not reflect the actual color of**

Package includes:

- **LED Digital Volt Meter Ammeter Voltage AMP x 1**
- **DC current Shunt Resistor x 1**

Payment:

- **We accept payment through Paypal ONLY.**

If you do not have Paypal account, please registered with (<http://www.paypal.com>) Payment must be receive do not bid if you are not intending to buy. Unpaid dispute will be filed to ebay for the non payable bidders.

Shipping and handling:

- Only ship to the confirmed address provided by [paypal](#). Please make sure your address in [paypal](#) matches the add
- All items will be shipped out by [airmail](#) from Hong Kong by Hong Kong Post, because Hong Kong Post is faster and
- It usually takes approximately [7-20 days](#) to receive order ([mostly in 7-15 days](#)); if slow, you will receive it within process. if you are in Italy, Spain, South America, and Mid East, it will take over 30 days even more.
- Items will be shipped out within 24 hours after [payment cleared](#)
- We promise each item would be shipped, but sometimes less than 0.5% packages might be lost in the way, you c item again or ask for money back.
- **Note:** Russian guests must standardize address information, please add [my name, surname, father's name, C \(Town or Village name\), Street name, Residential or apartment the name](#), The last two (the name of the apartment) must be consistent and the registered address of the recipient passport information.

Return Policy:

- [We are not responsible for custom duty or import tax.](#)
- We will leave POSITIVE FEEDBACK after receiving the payment. Please contact us if your are not satisfied w
- We could offer refund, and refund request is available only requests within a week after parcel received & r received.
- We offer 100% refund if the item is broken before arrival, all you need to do is sending us the clear pictures must be noticed within 7 days after delivery.
- All emails will be answered within 1 business day. If you do not receive our reply, please kindly re-sent your possible.
- All items sold by us are being described to the best of our abilities, as accurate as possible, and with utmost avoid any potential oversights, I respectfully request your assistance in helping us to make this a mutually s reviewing item description and photos, and asking all questions Prior To Bidding.
- Please Note that size and color representation are subject to manufacturing variance and may not be exact. from computer to computer and may distort actual colors. Please read these terms thoroughly before placing

Feedback:

- We will automatically leave a positive feedback to everyone who has complete the transaction and leave us i
- Please do not forget to give us Five Stars on all of the Detailed Seller Ratings. Thanks!
- In the unlikely event you are not satisfied with the transaction, please contact us before you submit your eva solved by communication.
1.in order to provide you the best service****,please treat the transaction fairly.*feedback is simply what v
2.Please Do contact us first to get a better solution before you would leave a *neutral or *negative feedback
3.We strive for 5-star service by stating upfront our policies, our shipping rate& our shipping frequency. if you respond with all 5 stars! if you are not pleased, simply let me know via e-mial rather than leave low score, and
4.Please email me through 'MY MESSAGES' or "Ask Seller Questions" if you have any question about our listing
