

ayman

wood

A photograph of a wood workshop. In the foreground, there are stacks of light-colored wood planks. In the background, a large industrial table saw is visible, with several long wooden boards leaning against the wall behind it. The walls are light-colored and have some electrical conduits. A large metal drum is on the left side. A yellow rounded rectangle is overlaid on the bottom half of the image, containing the company name and other text.

**We offer our customers a truly  
bespoke service.**

It has been our privilege to work on many prestigious projects from made-to-order plain veneered panels, to cut-to-size panels, solid timber lipped, over-veneered and sanded.

Our skilled staff has earned us an enviable reputation in manufacturing of bespoke woodwork combining craftsmanship, as well as the application of CAD/CAM laser technology, creating almost any design. Our main areas of production include: architectural panels, doors, kitchen, cabinets and other furniture pieces.

We hope this brochure will give you a taste of what we can offer and a brief of our expertise. We would like to assure you that we take pride in our work quality, reliability and integrity.

Best Regards,  
Ayman Mansour AlSabir
