

The yacht “*CATIANA*” is a German registered ocean going catamaran. She carries all the necessary safety equipment for “off shore cruising”.

The yacht has 4 double cabins with heads (toilets) and showers. The large saloon is situated midship.

In the cockpit you find the steering station with state of the art navigation equipment, a

large sitting area, a permanent installed table and two outside beds.

For added safety our life lines are netted.

Parents with small children can bring

their baby stroller on board or use one of our double rooms for additional comfort.

Try your hands at sailing under the supervision of our German certified captain..... or relax and be pampered by our crew.

You will have time enough to jump into the sea to swim.

On our standard cruises we serve light snacks and refreshments.

We have some classical and pop music on board. If you like you can bring your own food, drinks and music.

On special arrangements our cook can provide you with a feast on board or you can cook yourself.

Fishing from board is possible. Bring your own equipment.

Special Cruises

Special cruises can be arranged. Discuss this possibility with our captain.

The yacht *CATIANA* has experience in catering for team building activities and sail training. Also honeymoon specials, weddings, anniversaries, birthday parties, class reunions, state guests, business meetings, dancing lessons, singing competition and much more.
