## SUMMARY

Experienced shipyard production planner and manager, with knowledge of all steel fabrication and assembly processes required for a wide range of ship types and sizes. Very computer literate and familiar with use of multiple software tools to produce the fabrication information and manage the production process.

Familiar with the technical and quality requirements of classification societies and shipowners. Able to work as owner shipbuilding/steelwork supervisor on newbuilding, conversion and repair projects

---

## EDUCATION

Högberg School Ludvika, Sweden

- Upper secondary education, 1986 - 1988
- 

## EXPERIENCE

### **Production Planner, Landskrona Shipyard AB, Sweden**

**2006 to 2009**

Responsible for manufacturing the hull surfaces, producing burning information for cutting machines, end cutting details for profiles and bending and rolling of this material at various production and assembly stations.

- Using Microsoft Office. AutoCAD Light 2009, Sketchup, Procut, Procut nest and database MultiPlus to produce and manage the data
- Using materials and production control system (MPS)
- Assisted and reported to the Production Manager
- Passed training courses in supervision, and acted as production supervisor
- Vessel hulls produced in this time included *Midnattssol* and *Trollford* (Norwegian coastal ferries), *Ikarus* (200m fast monohull ferry), *Pasiphae* (fast monohull ferry) and offshore vessels *Olympic Champion*, *Bibby Topaz*, *Geowave Volantis* and *Endeavour*

### **Operator, AB Carlsson & Moller, Sweden**

**2005 to 2006**

Machining of plastics. Sawing, planing and milling in accordance with drawings

### **Various Construction Industry employment, Sweden**

**2003 to 2005**

Duties included engine driving, truck driving, sorting, excavator operation works on storm water, surface coatings, asphalt, wells and curbstone projects

## **Bruces Shipyard AB, Landskrona, Sweden**

**1996 to 2002**

Various tasks with increasing responsibility in the production process of this steel hull building shipyard. Vessel hulls produced during this period included *The World* (cruise ship), *Carthage* (180m ferry), *Hellenic Spirit* (204m fast monohull ferry)

### **Steelwork Production Planner**

May 2002 to Dec 2002

- Calculation of timeframes Planning and allocating the manufacture of frame sections by ship drawing
- Making 2 axis cutting programs using Procut and ACLT2000. AutoCAD Light software

### **Steelwork Foreman**

May 2001 to May 2002

- Management of timesheets, planning of working hours such as day shift or two/three shifts as needed, operating shipyard planning procedure

### **Hull Dimensional Control**

1998 to 1999

- Measurement and documentation of ship sections, using theodolite, 3-axis laser, levelling instruments
- Documentation was made with isometric drawings.

### **Steel parts fabrication**

1996 to 1998

- Making steel components which were subsequently mounted to the ship hulls
- Started at the frame bending station, and moved to the NC controlled burning machines

---

## **COMPUTER SKILLS**

### **Programming Experience**

- Visual Basic. NET programming language
- Visual Basic programming language
- Visual C #. NET programming language
- Publishing and Portal tools, Wordpress

### **General computer skills**

- Linux Office
- Microsoft Excel, Word, Works
- OpenOffice

### **Drafting/Construction Programs**

- 3D modelling using SketchUp
- AutoCAD Civil 3D design program
- AutoCAD design program
- Beta Tester for Autodesk on AutoCAD Light 2009 from 2008-09

### **Network and website management**

- VPN, private network
- WAN, network management
- Web site management (inc. domain creation/registration, blog management)

### **Operating Systems Experience**

- Linux, operating system

- Windows 2000 Professional operating system
- Windows 3.x, OS
- Windows 95/98 operating system
- Windows NT Workstation, OS
- Windows Vista operating system
- Windows XP operating system

---

## PERSONAL INFORMATION

Date of birth: 1970-05-08

Languages - Swedish (native speaker), English (very good), Danish (good), Norwegian (good), Russian (beginner)
